

Watertown Park CommissionJanuary 16th, 2019**Agenda Item: Park Naming for Wetland Complex****Request for Action: Motion to select park name****Department: Shane Fineran, City Administrator****Background:**

At the September 18th Park Commission meeting, members reviewed the typical process for naming of park facilities within the community. At the time staff was seeking feedback and ideas on how the Commission would like to proceed with the solicitation and or development of a park name for the 30th Street Wetland trail complex.

During the public engagement process utilized by the City during the park development phase of the wetland complex naming ideas were solicited. The Commission decided that this was sufficient and would like to decide on a park name from the ideas submitted from the public during this process.

The wetland complex names submitted are as follows:

1. Wilds of Watertown
2. Wetland Trails
3. Wetlands of Watertown
4. Watertown Wetlands

The Park Commission should make a recommendation to the City Council on a complex name for consideration at an upcoming meeting. If approved signage will be ordered in time for placement this spring.
